

STEM Games (ages 5-7)

At Ascend International, we are about preparing young people for their tomorrow, whatever that tomorrow is. We want to develop leaders who will make the world better, in their homes (as husbands, wives and parents), in their workplace (as employers and employees) and in whatever community they call home.

Pre-College Engineering

Purdue University's INSPIRE Research Institute for Pre-College Engineering, recently produced their engineering gift guide for young people, ages 0-8 plus. Last week we published those for ages 0-4. This week, we list the following as the best gifts to develop STEM abilities in children, ages 5-7.

Ages 5-7

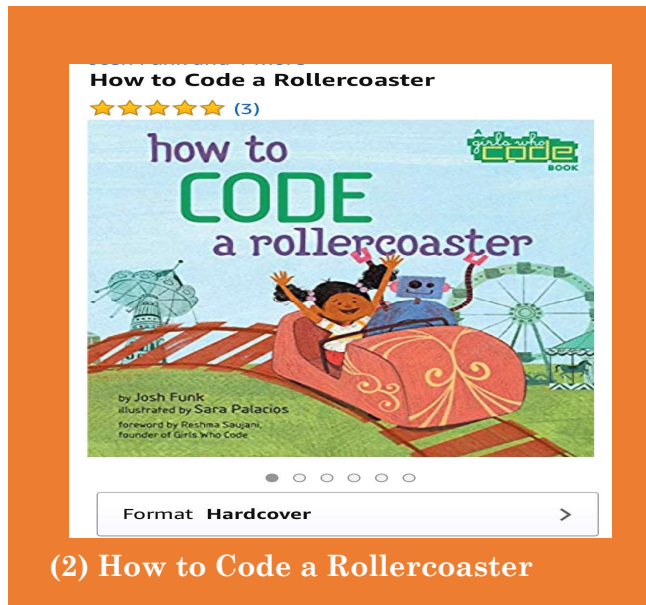

Below, you will see the best gifts for children 5-7 years of age.

Thames & Kosmos ★★★★☆ 4
 Thames & Kosmos Engineering Makerspace Terrain Walkers Science Experiment & Model Building Kit, Construct 8 Awesome Walking Machines & Learn About Intermittent Gears
